

## Pushbutton non-illuminated - mounting hole diameter 9.1 mm, red lens

## 1.15.106.301/0313

| General information                  |                     |
|--------------------------------------|---------------------|
| Form of lens                         | protruding lens     |
| Color of lens                        | opaque red          |
| Form of collar                       | round               |
| Dimensions                           |                     |
| Dimensions                           | 11                  |
| Diameter of collar                   | 11 mm               |
| Overall height                       | 7 mm                |
| Mounting depth                       | 25 mm               |
| Mounting hole                        | 9.1 mm              |
| Mechanical design                    |                     |
| Mounting                             | ring nut            |
| Terminals                            | solder terminals    |
| Contact system                       | bridge contact      |
| Contact function                     | momentary           |
| Contact arrangement                  | 1 NC + 1 NO         |
| Contact materials                    | Au                  |
| Illumination                         | no                  |
| Lamp socket                          | no                  |
| ·                                    |                     |
| Mechanical characteristics           |                     |
| Operating force max.                 | 5 N                 |
| Operating travel                     | 1.5 mm              |
| Switching travel NC                  | 0.5 mm              |
| Switching travel NO                  | 1 mm                |
| Robustness max.                      | 100 N               |
| Electrical characteristics           |                     |
| Rated voltage AC/DC max.             | 24 V                |
| Rated voltage DC max.                | 24 V                |
| Rated current max.                   | 0.5 A               |
| Contact resistance when new max.     | 0.3 A<br>50 mΩ      |
|                                      |                     |
| Contact resistance acc. to life max. | 300 mΩ              |
| Bouncing time max.                   | 10 ms               |
| Other specifications                 |                     |
| Operating life key switch            | 200,000 cycle       |
| Degree of protection from front side | IP40 (DIN EN 60529) |
| Operation temperature min.           | -25 °C              |
| Ambient temp. operating max.         | +70 °C, LED +55 °C  |

| Storage temperature min.   | -40 °C                                   |
|----------------------------|--|
| Storage temperature max.   | +80 °C                                   |
| Environmental restistance  | acc. to IEC 60068-2-14, -30, -33 and -78 |
| Soldering temperature max. | 350 °C                                   |
| Soldering time max.        | 3 s                                      |
| Weight                     | 3 g                                      |
| ROHS compliant             | yes                                      |
| REACH compliant            | yes                                      |

## Panel cut-out
